A Unicorn Faction Sanctioned Event

*This year has seen great upheaval for our nation. We have weathered the worst effects of the cataclysm and many of us are still here to tell the tale. We have lost a great many of our number in the recent months, including members of our Royal Family, murdered at the hands of our enemies -but still our nation stands strong!*

*Our enemies lay beaten and broken thanks to your resolve and the great assistance of our allies. Now is the time to turn our attention to Mauritania once again. A great cancer has been eating away at our land for too long, and its name is Barriman.*

### NO MORE!

*I will not stand by while any more fall to his craven Dark Hunters. I will not stand by while any more Unicorns are preyed upon by these cowardly assassins! Beast Isle has now been irrevocably joined with our faction, both through bonds of blood and bonds of the land—together we will face this threat and rid Mauritania and Edreja of these scum once and for all!*

*I call on all Unicorns and our allies to rally to Beast Isle on the 2nd Day of November 1107 so we may rid ourselves of this deadly plague once and for all!*

*When this upstart Barriman is dealt with and his vile creations are removed from the face of Edreja then we shall all raise a glass to our fallen and salute those who will lead Mauritania onwards!*

For Mauritania!

Vadek Kain  
Prince Regent of Mauritania
